# Your PRINCE2®-projects
SIMPLE with Projektron BCS

In **Projektron BCS**, you can easily map your **PRINCE2 processes** and support your project teams in standardized, high-quality project work.

✓ Support of the project manager with **PRINCE2**-specific assistants: from the preparation to the completion of a project.

✓ Im **Timetable** quickly identify which phase your projects are in across projects.

✓ The **graphical network** provides an overview of related products.

✓ Conveniently define who is responsible for the inspection and acceptance of the **quality criteria**.

✓ Visibility of compliance with **tolerances** agreed with the Steering Committee.
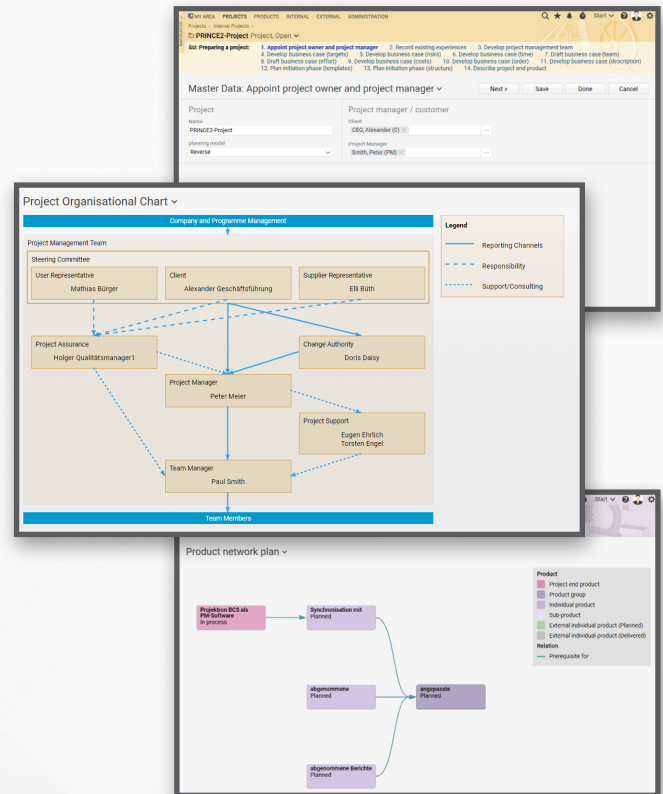

PRINCE2® is a registered trademark of AXELOS Limited

ADDITIONALLY IN PROJEKTRON BCS

Benefit from additional Projektron BCS standards in **PRINCE2** projects:

✓ Generate your management products automatically from BCS.

✓ Project and company-specific overview of free capacities.

✓ Change management support: Steering committee members can directly review and approve open items from projects in their personal overview.

✓ See at a glance who is project manager and who belongs to project support with project roles.

✓ Store tasks, checklists or workflows as templates.
